WHO WE ARE ?

Royal INC is a dynamic industrial solutions provider, bridging the gap between Bangladeshi Manufacturers/Customers and the global suppliers. Whether you're an emerging business or an established company looking to expand, we have the expertise, relationship, and proven strategies to propel your brand into new, thriving markets. Moreover, if you are looking for cost-effective sources of supplies with the desired quality, we are the organization to source, connecting you with the global suppliers and ensuring delivery on target schedules. Based on our headquarter in Seoul, South Korea, we are driving our organization with skilled Korean experts, R&D team and technical know-how team to cover the field of industrial solution.

Our products –

All of stick packaging machine

- Automatic 4 lane Powder Stick Packing Machine.
- High Speed Stick Pack Into Carton Box Packing Line.
- Automatic Multi Lane Packing Machine For Liquid Products.
- High Precision Multilane Liquid Stick Filling Packing Machine.
- Multi Lanes Various Flavors Liquid Stick Filling Packing Machine.
- 4 Lanes Tea Powder Medical Powder Stick Sachet Packing Machine.
- Multi Lane Powder Stick Packing Machine With Round Cutting Device.
- Automatic Multi Track Fine Granule Stick Packing Filling Sealing Machine.
- High Speed Multi Lane Fine Granule Sugar Salt Stick Filling Sealing Machine.
- Automatic Stick Packing and Boxing Line for Medicinal Powder Protein Powder Etc.
- Multi Lane Medical Powder Nutrition Powder Coffee Stick Pack Packaging Machine.
- Automatic Various Flavors Jelly Ice Lollies Stick Packing Machine Stick Bagging Line.
- Single Lane Stick Pack Machine With From Filling Making Bags Sealing Coding Function.
- Automatic Powder Stick Bag Packing Machine Line With Vacuum Mixing Tank & Weigh Detector.
- Automatic Multi Lane Stick Packing Machine Boxing Line System For Liquid Mouthwash Jelly Etc.

Tissue and paper converting machine

- Facial tissue making machine
- Automatic converting model
- Fully automatic converting with auto-transfer type
- Fully automatic paper box sealing-packing machine
- Plastic stripe handle sealing machine
- Fully Automatic facial tissue plastic wrapping machine
(Soft pack, Nylon pack, Overwrapping)

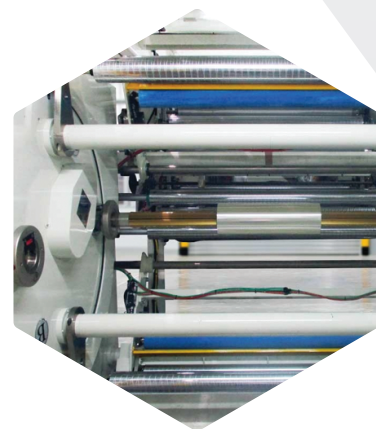

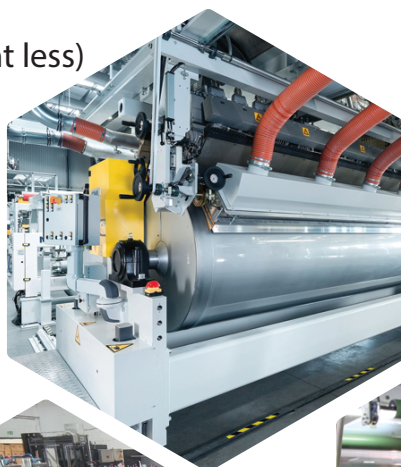

- ⚙ Automatic Hand Towel paper converting machine
V-fold, Z-fold, N-fold, M-fold, C-fold
- ⚙ Toilet Roll/Kitchen towel converting machine
Automatic type (Start-stop-start re-winding & cutting/gluing/ lamination)
Fully automatic type (Non-stop re-winding & cutting / gluing / lamination)
- ⚙ Special application re-winding machine
- ⚙ For industrial/catering/maxi tissue hand towel roll
- ⚙ Compound type JRT/RT/KT rewinding machine
- ⚙ Equipped with fully automatic JRT log cutting machine
- ⚙ And/Or for RT/KT log cutting machine

Flexible Printing Solution

- ⚙ Rotogravure printing machine (10 Color)
- ⚙ Dry Lamination Machine (solvent base/solvent less)
- ⚙ CPP film production machine
- ⚙ All kind of slitting and converting machine
- ⚙ Multi layer film production machine
- ⚙ Winding & unwinding machine
- ⚙ Pouch making machine

Our chemicals & packaging materials-

Chemicals

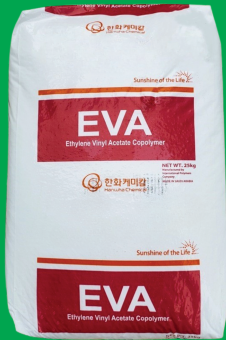

- PP Yarn
- PP copolymer
- PP Nonwoven
- PP random
- PP Injection
- HDPE film
- HDPE BM
- HDPE yarn
- HDPE injection
- HDPE Blow mold
- HDPE PE 100 pipe
- LLDPE
- LLDPE Sabic
- Paper manufacturing chemicals

Special grade chemicals

- Titanium Dioxide
- PVC stabilizer
- Master batch/PP
- Blowing agents
- EVA
- Toluene
- Blended Thinner

Packaging Materials

- Aluminum foil
- PV. Shrink film
- Adhesive
- Bopp film

Tissue sleeve bundle wrapping machine

For Kraft paper or plastic film wrapping

1-Roll material bundle wrapping type

2-Roll material top-bottom bundle wrapping type

Log-Saw cutting machine

- Toilet / kitchen towel roll cutting type
- Maxi / Industrial roll cutting type
- Facial tissue / Hand towel cutting type

All kind of Paper converting machine

Lamination and coating machine

- Dry lamination
- Wet lamination
- Extrusion lamination
- PE coating machine
- Gravure printing machine
- Slitting and converting machine

Paper manufacturing machinery & technology

- * Workshop-1
--South Korea
- * Workshop-2
--Finland
- * Workshop-3
--China
